EDUCATION

My Studyinfo

Computer Science and Engineering Bachelor, University of Oulu   2023 – (2026)

Gained strong foundations in programming, mathematics and data structures. Currently exploring Cybersecurity as a focus for my master's studies.

Keminmaan lukio   2019 – 2022

Matriculation Exam scores: Matematiikka(L), Fysiikka(E), Kemia(E)

WORK EXPERIENCE

Pizzeria Di Mare – Waiter   Kemi (2022, June – November and 2025, May - December)

Managed customer service tasks, including taking orders and serving meals in the restaurant. Delivered orders promptly and ensured customer satisfaction during deliveries.

Selecta – Coffee Machine Maintenance Technician   Keminmaa (2024, May - August)

Responsible for cleaning, maintaining, and servicing coffee machines at client locations. Provided customer service by addressing client needs with professionalism and courtesy.

Kivikon koulu - Substitute teacher   Kemi (2022 March – 2023 December)

Taught and managed classes for both primary and high school students during short-term assignments, typically lasting one week. Adapted to various subjects and maintained a disciplined and engaging learning environment.

SKILLS

- Proficient in Python and Java, with working knowledge of Rust, JavaScript, HTML and Assembly
- Experience with algorithms and data structures, Linux environments and Git
- Backend development using FastAPI with PostgreSQL and SQLite
- System optimization, debugging and testing to improve performance and reliability
